**Office**  
workstations

---

Featherlite is one of the leading furniture manufacturing organisation providing complete office furniture solutions for all segments of market through its strong base of direct and franchisee offices present across 66 locations in India.

Featherlite's core expertise lies in manufacturing extremely innovative and cost effective customised office furniture such as modular work stations, chairs, partitions, desks, conference tables, educational, laboratory, retail furniture and fixtures.

Executing mega and multi location projects without compromising on requirements of the customers. The company manufactures more than 30,000 chairs and 10,000 workstations in a month.

Operating from factory space spanning more than 3 lakh sq. feet, the company has over 10,000 esteemed customers pan India including giants like Cognizant, Mercedes, Hindustan Unilever, Caterpillar etc.

WORK  
BETTER

Collaborate Linear

# COLLABORATE

For collaboration to cultivate creativity and progress, teams require versatile spaces that are more appealing and conducive to developing their work. Designed for users that need a balance between privacy and collaboration, the L-shaped arrangement of Collaborate provides users with individual spaces that are ideal for working in groups. Teams have instant access to the richest resource available in the office—each other. Workstations are customisable to fit in with the requirements, atmosphere and ethos of each user's workspace.

Collaborate L

Collaborate L

Collaborate blends elegant design with functionality. The multi-faceted tubes give it a sharp, clean and angular look. It is designed to look beautiful and work perfectly, so even the simplest tasks are more engaging. Collaborate takes engineering right to the edge. German precision tools are used to specially roll-form the tubes, and high pressure, die cast aluminium is used to form the joints. The result a beautiful, minimalist product with unparalleled levels of strength and stability.

# SWITCH

Switch workstations are designed to address the evolving workspace requirements across private and open-plan office environments. Designed to aesthetically appeal while providing optimal efficiency through its compatibility and configurations, the Switch workstations are here to cater to the ever evolving work space requirements.

A wide range of applications, accessories and finishes creates an expressive visual language. It harmonizes effortlessly with other furnishings to create enriching spaces. Parametric sizing tailored to precision ensures space efficiency and utility. The inspiration for the Switch series has been derived from the dramatically changing modern workspace requirements. The design enables smooth workflow while balancing the need for ear marked zones for different work modes and to make space for personal work.

# S T E - L T H

Stealth by Featherlite is a refreshing radicle and rejuvenated Height Adjustable Table where form and function converge to give your office a complete new makeover, something which the office Industry has not seen, yet.

SILVER WINNER OF **A DESIGN AWARD**  
& COMPETITION 

We designed the Stealth to be completely up-scalable. The same design of the table comes with the height adjustable feature and also a fixed workstation table, giving you the flexibility of adding the height adjustable mechanism and upgrade the non height adjustable table, whenever needed. This is done without any disruption of work in a working office. This ingenious design is an interior architects dream come true. Gone are the days where the HAT table looked completely different from the regular workstations.
